Product Description

T235 Professional String Trimmer

Shindaiwa Trimmers are big on power and low on weight. A variety of engine choices – both in size and technology – will help you find the right trimmer for the job. Blade-ready T242X and T282X add even more versatility to the line-up. Speed-Feed® cutting heads that re-load in seconds without disassembly are standard on each model. Comfortable, ergonomic handles provide operator comfort for all-day operation.

Features

- Solid driveshaft
 - Ergonomic grips
 - 2-stage air filtration
 - Full-wrap tank stand
 - High-capacity Speed-Feed 400 cutting head
-
